

About ICPC

The ICPC Conference was born to fulfill the need for an international conference specifically focused on **Polyolefin Characterization**. Organized by **Polymer Char**, ICPC previous editions are celebrated every two years rotating between the cities of Houston, Valencia and Shanghai. Each edition receives attendees coming from over 29 countries and leading polyolefin players, making it the international meeting of reference by polyolefin characterization experts.

Scientific Committee

- **Dr. Benjamin Monrabal**. Polymer Char, Spain.
- **Dr. Colin Li Pi Shan**. The Dow Chemical Company, U.S.A.
- **Prof. João Soares**. University of Alberta, Canada.
- **Prof. Minoru Terano**. Japan Advanced Inst. of Science and Technology, Japan.
- **Prof. Dujin Wang**. Institute of Chemistry, Chinese Academy of Sciences, China.

8th ICPC at-a-glance

Venue

The Westin Valencia Hotel, Valencia, Spain.

Phone: +34 963 625 900

Hotel information at www.icpc-conference.org/venue

Date

Short Course: May 21, 2023.

Conference: May 22-24, 2023.

Call for Papers

If you would like to be part of the 8th ICPC Technical Program, you can share your work in polyolefin research by participating with a Poster or Oral presentation.

For more information, email icpc-conference@icpc-conference.org

Macromolecular Symposia ICPC Editions

Every edition, there is a compilation of the complete papers of some of the presentations published in special Macromolecular Symposia (Wiley-VCH) books, the Editor being Prof. João Soares. These are the books dedicated to each ICPC edition:

1 st ICPC: Vol. 257, 2006	4 th ICPC: Vol. 330, 2013
2 nd ICPC: Vol. 282, 2008	5 th ICPC: Vol. 356, 2015
3 rd ICPC: Vol. 312, 2010	6 th ICPC: Vol. TBA, 2017

Technical Program

The short course will be on May 21, 2023 and it will cover:

- Introduction to Polyolefins.
- Polyolefin Microstructure Characterization.
- GPC Basics.
- GPC Practical Considerations GPC Calculations.
- CCD Techniques: TREF, CRYSTAF, CEF, and CFC.
- High-temperature HPLC.
- Preparative Fractionation.
- Applications.

The conference will take place on October 22-24, 2023, and it usually covers the following sessions:

- Separation.
- Rheology.
- Spectroscopy.
- Additivation.
- Modeling.
- Properties / Structure.
- Morphology.

The full and definitive agenda will soon be published but the program of the last edition is available at: icpc-conference.org

Sponsoring the ICPC

Benefit your company from brand exposure at all the pre-event, on-site, and post-event marketing activities:

- Logo placement on all the conference print and digital communications.
- Logo placement at the on-site displays.
- The possibility of publishing a full-page advertisement in the conference brochure.
- Complimentary registration for 2 to 4 attendees 10-15 minutes corporate or commercial presentation (Vendors).
- Physical space of 8ft x 6,5ft (2,5mx2m) at the conference for an exhibition stand.
- Logo placement on all the promotional 9th ICPC materials.

More information at: icpc-conference.org/sponsorships

Registration

The registration period for the conference and the short course is open and available on the website, but if you would like to attend, or have any inquiries, please address them to: registration@icpc-conference.org

Registration fees for professionals and students can be found on the conference's website. Group discounts are available.

ICPC 5K 2023

Due to its beautiful surroundings and amazing climate, Valencia is quickly becoming one of the preferred destinations for runners around the world.

Taking advantage of the venue and in support of physical activity and wellness, the ICPC will be organizing a 5K race during 8th Edition in 2023.

Details about the route and signups will soon be posted on the conference's website. Stay tuned and don't miss out on participating.
